VIOLIN

Advanced

Instructor: Shannon Fitzhenry
Monday - Friday
11:20 AM - 12:35 PM

This daily class is recommended for young violinists who feel that they have a general grasp of how to play scales, and how to pick and work on solo repertoire such as Bach or various Violin Concertos. Classes for the week will include:

Masterclass: Students will sign up to perform for the class and instructor with whatever they might have ready at the time. Each performer will receive a short lesson with comments and suggestions.

Scale Class: We will discuss the importance of warming up with scales and exercises. Different levels of scale routines will be offered, with follow-up the next day.

Practice Routine: Discussion of daily practice, how to make it as efficient that it can be, and how to tackle issues such as memorizing, cleaning up technical passages, moving from the technical to emotional playing, etc.
